Dear Mr. Ringe:

I am writing on behalf of Mr. Charlie Cangianelli and his team that worked on the Fort Pierce Housing Authority's (FPHA) new corporate location at 511 Orange Avenue in Fort Pierce, FL. This team was professional, the project was of high quality, on time and within the estimate provided. In addition, the Housing Authority has had no problems with the building since the renovations have been completed. Because of the excellent work provided, FPFA would have no hesitation in recommending this team for other projects.
